

SIGN UP AND SAVE A LIFE

Every 20 minutes, someone finds out they have blood cancer in the UK. For many, a blood stem cell transplant is their only chance.

The Rik Basra Leukaemia Campaign aims to save the lives of people with blood cancer by increasing the number of people on the Anthony Nolan register

We particularly need minority donors, If you're Asian your chances of finding a donor are slim, just 4% of the register is made up of Asian donors...

Come along to our recruitment event. You could give someone the chance of life...

**Sunday 29th June
Between 9am - 5pm**

**Leamington & Warwick Gurdwara,
17 A/B Queensway Trading Estate,
Leamington Spa, Warks. CV31 3LZ**

To find out more about the Rik Basra Leukaemia Campaign visit www.rikbasra.com

Rik had leukaemia, thankfully a matching donor was found. But half of those in urgent need of a transplant aren't as lucky.
